

Ka Thas

Studying AI and robotics at UiO

WORK EXPERIENCE

Teaching Assistant, UiO

August 2023 – Present

Taught courses in: Introduction to OOP, Mechatronics, Introduction to Operating Systems and Networks, and Algorithms and Data Structures.

Lab-Assistant, Sonen

January 2025 – Present

Maintain and provide training in the use of 3D printers, laser cutters, and other equipment.

E-commerce, Norli

November 2021 – January 2022

Worked with order management, customer support, and product handling in an online store.

Sales Assistant, Plantasjen

April 2021 – August 2022

Customer service and plant care

EDUCATION

Institute of Informatics, UIO — Master

Informatics: Robotics and Intelligent Systems

August 2025 – Present

Institute of Informatics, UIO — Bachelor

Informatics: Robotics and Intelligent Systems

August 2022 – June 2025

Korea University — Exchange

September 2024 – December 2024

Rosenvilde VGS — Upper Secondary School

Art, Design, and Architecture

Advanced studies in Information Technology and Mathematics

August 2019 - June 2022

LEADERSHIP AND VOLUNTEERING

Leader, Mikro

September 2022 – September 2024

In the student association Mikro, I improved the social and academic environment by organizing events and collaborating with faculty members.

Board Member, Fagutvalget ved Institutt for Informatikk

Februar 2023 - Present

As part of the student council, I contributed to shaping course content by representing and communicating student feedback to the department.

Head of PR, Cybernetisk Selskab

January 2023 – December 2023

Coordinated the PR team of the student pub, responsible for weekly event promotion and communication.

Representant, Student Parliament

August 2023 – May 2024

Economy, Student Council

August 2021 – June 2022

ABOUT ME

I am a curious and structured student with a strong interest in research at the intersection of technology, creativity, and human-robot interaction. I thrive in collaborative academic environments and have developed strong skills in teamwork, leadership, and project coordination through volunteer and organizational experience.
